Avanade

250 North Bridge Road
#30-03 Raffles City Tower,
Singapore 179101

Dear Sir/Madam,

I am writing to express my strong interest in the Software Engineer position at Avanade . I came across the job listing on JobStreet , and I believe that my skills and passion for software engineering make me an excellent fit for this role.

I currently hold a Bachelor of Engineering in Software Engineering from Singapore Institute Of Technology (SIT). Throughout my education and my previous experience, I am well-versed in developing, code reviews, and unit testing, and I understand the importance of usability testing in delivering exceptional user experiences. These practices ensure software applications' quality, reliability, and usability, and I am eager to contribute my skills in these areas to Avanade .

As stated in the job description, proficiency in major object-oriented programming languages is required. I have extensive experience in software development and possess strong mathematical and computer skills. I am fluent in C/C++ and C# , and I have hands-on experience in building MVC applications with ASP.NET (C#). I am currently working as a .NET developer in GetGo, where I effectively applied object-oriented programming concepts and design patterns to develop software systems.

In addition to technical skills, I possess strong analytical skill and able to work under tight timelines , as emphasized in the job description. My experience as a Junior Developer at GetGo has allowed me to exhibit leadership qualities . As the SCRUM leader, it was my responsibility to assign and monitor Jira tickets.

Joining Avanade as a Software Engineer is an opportunity I wholeheartedly embrace. I have attached my resume, which provides further details on my skills, education, and experiences. Should you have any questions, please feel free to reach me at 8186 1415. I look forward to the opportunity to discuss my qualifications in more detail. Thank you for considering my application.

Sincerely,

May Madi Aung
